## IIT JAM GEOLOGY - "TIPS FROM TOPPERS"

“

I had never given any online exam before so the **CBT practice helped me a lot** in my preparation for the main exam. We were 4 friends and studied together from the start of the final year. All of us have been selected. My parents are very happy. Practicing the online tests before real exam made me very confident. I always **had a dream to study in IIT**. It has been made **possible only with the help of VPM Classes**. After M.Sc.; I would like to go for corporate jobs. **ADVICE**: Study in groups. Discuss with friends. **PRACTICE ONLINE**

”

**TESTS** before going for main exam.

### DILLIP KUMAR SAHOO | AIR 11

“

I took the CC and it helped me a lot in my preparation for the IIT JAM paper. The **JTPs were very GOOD**. The theory portion covered the entire syllabus. I got help from my teachers in college. I studied 5-6 hours daily. After M.Sc.; I would like to go for corporate jobs and afterwards will go for Ph.D.

**ADVICE**: Cover maximum syllabus. Do self-study **PRACTICE more and more**

”

**ONLINE QUESTION PAPERS.**

### DEBJYOTI GHOSH | AIR 14

“

I studied Geology at VPM Classes. The questions were relatively similar to that of JAM. The CBT helped me to improve my time per question and increased my speed. 4-5 hours of self-study on a regular basis and help from my College Professors along with the final revision with OTS made it possible for me to crack the IIT JAM 2015. In Future, after M.Sc. I will prepare for GATE, GSI and UPSC exams. **ADVICE**: Be regular **Concepts should be clear**. Prefer your own way of

”

studying in which you feel comfortable.
